*The "Number" column represents the sample size (the number of youth who answered the question). The "Percent" column represents the percentage of youth in the sample answering the question as specified.

**For Average Age of Onset, "Number" represents the number of youth who reported any age of first use for the specified substance other than "Never Used."
(For Alcohol it is Age of First Regular Use)

†The "Total" column represents responses from students in all grades surveyed.

††The "Total" column represents responses from students marking both grade AND gender.
